“ Dear Martha,
Sending you hugs and love. I was so sad to hear of Charlie's passing. I have sooo many memories I don't know where to start. From his antics in elementary school through high school we always had a great time. We had such laughs when the two of you were dating. Charlie taught me how to drive a stick shift - and that took some doing! I remember watching him play baseball and always having a story to tell of which I think the facts may have been embellished a bit! While our lives took different paths and there are many miles between us - my heart is with you and your family.

Kathy and I send our sympathies on Charles passing, He always seemed to be in a good mood, and I am sure he is right now entertaining others in heaven with his wit and wisdom.

“ I remember fondly the times that our families got together when we were kids. Charles was the older cousin that tolerated me and would take the time to play wiffle ball with me for hours. A part of my childhood is now gone since Charles has left us. Martha and all of the family will continue to be in our prayers in the days and weeks ahead. Blessings to all of you and may God grant you peace during this difficult time.

“ Dear Martha and family:
I well remember the day you married Charles, and even further back than that when you were in grade school. Then, and now, you seemed to be able to take life's lemons and make lemonade of them. I pray that you'll be able to do the same with the loss of Charles in your life.

May God go with you as you adjust. I'm thinking of you.
