“ Oh Danny, where do I even begin to start with all the crazy Memories I have with you. From My First Day at Gilsters, to just 2 weeks ago....Memories of You and Paula to You being Roommates with Brenda just before you fell in love with Tammy and all the times in between, we always had a laugh. I remember so many nights of crying at work, you always gave me good advice on whatever it was that had me upset. If I needed \$1 or \$20, you always had it to loan me. You brought Pebbles into my life many years ago and I am so Blessed to be able to call her one of My Very Best Friends today. You have no more addictions, Your soul is Free of them all. God knew what he was doing yesterday when he chose You to come unite with Him in your everlasting. home. Go spread those beautiful new wings you got and watch over all of Us, until we're able to meet again. Rest Easy Buddy.
