“ Darryl was one of a kind. He would always help me answer any questions about cape's building when I had to work on any plumbing or electrical issues for headstart. He loved on picking on everyone that he came into contact with. He would always talk about how he loved fishing or doing his different projects around the house. He will be greatly missed. “ *Sheila and Family,*

Though I didn't get to see him often, he made a lasting impression. He was always smiling, always willing to help, and never hesitated to do whatever was asked of him.

He was someone I could truly count on. Knowing he was taking care of the building gave me a sense of peace as it was always in good hands with him. His reliability and happy spirit did not go unnoticed, and they will not be forgotten. I am happy to say I made a good choice when I hired Darryl.

He will be greatly missed. My thoughts are with you all during these difficult times and the days ahead.

I only had the pleasure of meeting Darryl a few times but it was apparent that he never met a stranger. I heard nothing but good about him from the Women's Wellness crew at Cape. My thoughts are with you all during these difficult times and the days ahead.
