“ *I began my career at United Van Lines in 1985 as a seasonal, followed by the next year as a full-time Safeguard employee. I will always remember Dave's dedication and incredible work-ethic. I sat right outside his cubicle and he was always on the phone working through problems and making sure to do his best to cover shipments and make the drivers happy and safe. He was a caring co-worker and loved it when he would bring his beautiful daughter Suzanne into work. It was always great to see him return to the Christmas gatherings and reminisce about the good ole days. Thankful for his service to the van line and to our country during the Vietnam war.*

*So sorry for the loss of a person my wife and I have had plenty of memories with. David was a fantastic person and probably one of the best dispatcher. Although he was not a dispatcher, but when he worked late in the evening at UNITED VAN LINES, we would be running California, it would be 6pm in California and David would still be working the phones. I would call in on a pay phone and yes David would answer. He would be pleasant to talk to, and say hey buddy, I got an order up in BAKERSFIELD, you want it? He would ask. Of course I do I would reply. We would be in TUSTIN ,so off we would go. This man was a friend, he would always take me to SAINT Louis airport, when I was going on vacation. I once took him to Daytona international race track, and got him into the garage to meet the drivers. This was probably one of my best memories of you David, you couldn't stop talking pictures. Rest easy my friend, and we all shall enjoy the time spent.*

*I worked with Dave at the crossdock in St Charles and also in Fenton Mo. He was a great ma MN to work with. I worked with Mayflower Van Lines till I was 76 yrs old. Was always glad to see Dave on Sat morning, as I knew he had things under control. The years spent with using the cross dock were some of the best of my 41years with Mayflower. Dave Stevens.*
