“ *I lived next door to her and her husband for 8 years. She helped me thru some rough times and they taught me all I know about gardening and canning. We went to yard sales for years and had yard sales together for over 40 years. They had the best produce that they sold from their garden at the sales. My health hasn't been good the last two years and we haven't got to do hardly anything together but I will miss you and think of you so often as I've always done.*
