“ I remember when my and my little sis would come over to give her mail to her and she would have the biggest smile on her face and she would take the mail inside and sit outside with us and talk for hours. That made her day I know it did. She had the most beautiful laugh and it made you laugh even harder. We would always sit outside and us three would play school and my sister would be the teacher and Dorthy would always go teacher can I go home yet and my sister Nora would always say umm no don't interrupt the teaching lesson and me and dorthy would crack up and laugh hard. Me and dorthy would talk about everything possible in life she not only was like my grandma but she was and still is my best friend. She would always make us laugh. Everytime me and my sister were sad we would say we are going to Dorthy's house because she always made us feel better. We always told her Everytime that we left we loved her and she always said she loved us to we were like her grandchildren.
