October 25, 1956 - August 15, 2025

Dr. John G. Esswein, passed away suddenly on Friday August 15, 2025 on the Feast of Assumption of the Blessed Virgin Mary, after a valiant battle with complications from cancer treatments.

John was born October 25, 1956 to Richard and Lotus "Bunny" (Ellis) Esswein.

He met Mary Wingerter in Perryville, MO in 1989 and they were married on January 27, 1990.

He then attended University of Missouri - Kansas City Dental School and has run his own family dental practice in Perryville for over 40 years. John's passions began with his faith, family, and friends. He was a nurturing, supportive and fun father and "Papa" for his two daughters and grandson. John loved serving his St. Vincent de Paul parish in many ways, especially as Chairman of the bingo stand at the annual Seminary Picnic where he greeted his regulars year after year.

John enjoyed so many things in life, including playing soccer, trout fishing, hunting, gaming, reading, classical music, bee-keeping, playing bridge, planning school reunions and working on his farm. He also served as swim team coach for St. Vincent High School and participated in both AAU and USA swimming events. He was a member of Knights of Columbus Council #1263, American Legion Post #133, among many other organizations, as well as Captain in the United States Army Reserves.

“ Dear Essweins:

*John's service was beautiful. We always felt a link with you guys: Anna, is about our daughter's age, I always valued when our she interacted with Anna, but especially Maria for "big sister wisdom" (they also shared a hilarious facial expression right before swimming events). In addition, John was great fun and reminded me of my Uncle Dewey Urban, Son of a dentist in Dentist in Perryville and also my childhood dentist in Sikeston. Of course, I also enjoyed my interactions with John during many swimming events. Please know that we are thinking of and praying for you guys frequently and take care.*

“ So very sad to hear this. Was very concerned when he was still having so much jaw pain while he was treating me a couple of months ago. He was so special and such a blessing to everyone who had the pleasure to know him. Huge loss. He was a long drive for me but it was so worth it because he was so special.

“ John Esswein's beloved author A.A. Milne reminds us through his children's characters: "How does one become a butterfly?", Pooh asked pensively. "You must want to fly so much that you are willing to give up being a caterpillar.", Piglet replied. "You mean to die?", asked Pooh. "Yes and no.", Piglet answered. "What looks like you will die; but, what is REALLY you - will live on." Live on dear friend John. You will always be in our hearts. We will miss your joy and humor. In sympathy, love and hope, Theo and Andrzej.

“ *My mother was the oldest in a family of six kids. Her younger brother, Uncle Dickie, was John's father. When I was an adolescent I used to babysit for Johnny, and since I had scant experience and patience with little kids, I thought he was sort of a hellion. He was prankish and full of energy, but once John started school at St. Stephens (my alma mater too) he straightened out and became a model student and growing young man.*

*Johnny was the younger generation and like some of us in the family, after completing school he left St. Louis and forged a new life in a new city where he set down roots, built a dental practice and family, and not only made the family proud but now I'm sorry I never traveled back East to take advantage of Johnny's offers of free dental care.*

*I send my most sincere condolences to John's wife and family, and all the others whose lives were impacted in such positive ways by that former little hellion, Cousin Johnny.*

“ One of my fondest memory of John when we were young, and there were many, is how he used to braid the long hair of us girl cousins on the steps leading to the second story of our grandpa’s house. All the cousins used to go to his house every Sunday evening. He got pretty good at it too. 😊

“ John was my dentist first, then a friend, when he became a teammate on my husband's bowling team (way back when, lol). He had a sense of humor that was surprising at first, since all we originally knew was, John the doctor. He was truly a joy to talk to, especially around the Seminary picnic, as he would have so many stories leading up to & then of course how much fun he had calling bingo. He will be missed for so many reasons, but I will ALWAYS remember the LOVE that he showed when he shared stories of his family, especially after the birth of Rowan. Our deepest sympathies; Mary, Maria, Anna, Kenneth & of course Rowan, we are so sorry for the loss of such an amazing man. Romans 8:28 "And we know that for those who love God all things work together for good, for those who are called according to his purpose."

“ John was like a father figure to me. I've known him for several years. We met through a mobile video game (because he was the cool older guy who played games). He joined the party I had and we played together for years until the game ended. We also talked a lot outside the game. Sharing dad jokes, interesting stuff on messenger or playing online PS5 games like Bloodborne. He helped me by listening to me during harder times in my life and even some basic medical advice.

I never got to see him in real life but definitely planned to one day, now I never can but he will always be in my heart. He was a great friend to all he interacted with. He never judged but always listened and was such a fun joyful person full of life.

He is now with God and Jesus and no longer suffering. I hope when I go to see him up there one day in the distant future.

Bless him and his family.

*John was a kind individual and a great dentist. i remember many things about John, but the one thing that sticks out the most was when he stayed late on a Friday night on St. Vincent Homecoming to repair my young sons broken tooth. I was with John from the very beginning, but my son at the time was going to a different dentist at that time. His dentist would not stay to help us, so I called John and he was so gracious and accommodating. The tooth was repaired and my son became a patient from then on and still to this day, driving from St, Louis for checkups and treatment. He will be greatly missed.*
