“ *You were taken too early as your family members before you. You were one of my best friends and loyalty was one of your best qualities. We had some great times together and some sad. You have worked hard, played hard, laughed hard and loved your family with everything you had. You will be greatly missed my friend and my heart is sad with your passing. Save a spot for us as we will join you some day. I know you as a great protector and I am sure you will look over your beautiful family. I will carry you memories with me forever. Your friend, Andy*
