“ *Dear Papa, Throughout my 21 years of life you have been there to see what i could do. We are 50 years and 2 days apart and will always be. Also our silly holiday we made up a couple years ago because your favorite holiday is Aprils Fools Day. I am so much going to miss everything we have done together from when I was little teaching me how to plays craps to our silly holiday phone calls which by the way you cheated at all the time.I am going to keep making you proud cause I know how much that cared to you. On Sunday when I told you to win little battle and guess what now its my turn to and finish college to show you is the first battle I have. We had so much more planned to do and you to watch me grow, but I know where you are at in Heaven with your mom and dad and brother watching my every step and every move I make. You are and will always be the best grandfather a granddaughter could ask for. I love you and miss you -Taylar*
