“ *A memory I'd like to share is when my mom being a Diabetic was told by doctors that when her foot got frost bite That they were going to have to amputate her leg. Laura was our neighbor and my best friend for over 40 years and she would come up to the house and soak my moms foot in a foot spa and massage her foot and leg for over a month until the Circulation came back. She helped save my moms foot and leg! An amazing nurse. Blessed by God! Missed every day!*

“ To the family of Laura--Laura is the reason I bettered my life. She came back on Leave from the Air Force from England in 1991 and told me how great of a decision it was for her, I enlisted in the Air Force the next month...Aug 1991, and here I am 23 years later...still in the Air Force, and a grateful and much better person. I owe my life to this girl. I'm sorry she left this world so early.

“ Laura was a Home Health Care Nurse for my mom for three months. Because of her care and compassion, my mom's health greatly improved over this time. Not only was Laura a competent nurse, she was a great companion and I enjoyed her company when I would see her at the house. She accompanied my mom to every doctor's appointment and always had a smile on her face when working with my mom. I have never seen anyone as organized as she was. I feel blessed to have known her. Because of everything Laura did, my mom is a stronger person today.

“ Laura I know you are in a better place and without pain and torment. They say when you die you forget about all the bad stuff that happened on earth, so I have to believe that and imagine you are finally at peace with the one you were meant to be with. Your children are going to know how great of person you were and know that you are with them always. I will truly miss you and all your mischief. You have left a mark girl and I'll never forget you. Love you

Wendy, I was missing Laura and it's coming up on her day of leaving us on this earth. When I read this tears came to my eyes! The three of us were best friends and always will be. Heaven is where I like to think she is just stationed at and is a soldier of God. We will be in that number one day and celebrate our friendship together again. Your words were beautiful and brought me peace. Thank you Sis!
