“ *My condolence to the family for their loss. Larry was a high school band mate and we were close friends. We played the Tuba together in PHS band. I have many fond memories of Larry during that period. The last I saw him was the 2018 class of 1968 reunion. I didn't get to speak much to him with so many old familiar faces at that gathering, and I now regret that. We did however, correspond on Facebook from time to time. RIP Larry. You will always be a fond memory of my past till I die.*

Larry has been an online friend for many years with our passion for karaoke. Larry was such a kind person and his loss is so felt every week he would email me an update and I still have his last email which left me extremely concerned and had me facebook message everyone on facebook I thought might be a family member. To all that have lost this wonderful person I feel your loss.
