“ I just want to express my deepest condolences to the Giesler Family. I was so sad to hear of Lucille’s suffering those last days and of her passing. I know how hard it is to lose your mother. Lucille was truly a great lady. She cared so much for her children, grandchildren, and family. She was like my own mother for a while and her passing gives me great sorrow as well. I will always remember her as a spirited and loving person.

She loved her children with all her heart and although she struggled as a single mother, she did her best to instill values in her children. She supported them through the good times and the bad, the laughter and the tears, the marriages and divorces. When you were young, she enjoyed celebrating birthdays, going on family vacations, attending football games, school events, graduations, weddings, baby christenings, etc. As you all left home she always enjoyed your visits and spending holidays together.

I know the family has already suffered great loss of loved ones with Donnie, Norma, grandparents, etc. I am certain this one is probably the hardest. Lucille was the Matriarch of the family for her children and held you together through the years. I hope and pray that you remember how much family meant to her and you continue to get together and celebrate your lives as a family. You all share a history together. You share memories of living together, going to school together, vacationing together, fighting together, defending each other, and being there to support each other. You have been in each other’s weddings, stood for each other’s children in baptism. You are the closest family that you have left. Please cherish this.

I know from experience that a family must make the effort to get together, especially when you live in different cities and states. For years you came together because of your mother. I hope you get together as often as you can because that is what Lucille would want. Family was everything to her and I hope you honor that spirit.

I know after my own mother passed, and the house sold, my

brothers and sisters and I had to put forth the effort to get together. Luckily, we have a big family in Perryville that always welcomes us back into their home for reunions and weddings.

But we also make time to vacation together. Sometimes we all meet at a lake or river and go fishing. Several of us have traveled to the mountains together. Others have visited places on our bucket list. I know your mother would love for you all to continue to spend time together. She will be there in spirit whenever and wherever you come together and will smile down on all of you with love and pride.

Although I can't be there tomorrow when you say your last goodbyes to Lucille, please know you will all be in my thoughts and prayers. I know she will miss you all terribly, she will be looking down on all of you always and wishing you the best life she can imagine for you.

*God bless you all through these days of morning.

“ Aunt Lou, will always be in my heart, she was a loving soul, no matter how bad thing were she always had a kind word and a smile to share. Over the past several years we have had several phone conversations where we would just sit and talk for an hour or so, it always made me feel close to her even though I was several hundred miles away. “ I first came to know Lucille through church and then a few years later moved into her neighborhood. Often times when walking the dog I would stop by her place and we would chat for a bit. We attended Christian conferences and Bible studies together and Lu often contributed thoughtful insights to our discussions. She will be greatly missed but we can rejoice that we will be reunited with her when those of a faith like hers meet in Glory.
