“ *Debbie, Karen, Kindra and Family,*

*Sending my thoughts and prayers to you and your families. Your Mom and Dad were such kind and good neighbors through the years. The simple kindnesses that we do for each other are the best, as my Mom recalls being blessed by Marie sharing a piece of her famous coconut cream pie on a number of occasions for no other reason except she wanted to share. And she knew my mother loved her coconut cream pie!! Your mother was a kind and generous soul..*

*God bless,*

“ I have so many memories as a youngster growing up with the Hayden's. They were our neighbors we grew up together 😊 In the summer we would have water fights running from our house to there's. So much fun. I would wander over to the house sometimes just to talk and to pet the cats. When I was 5 I was in my uncles wedding as flower girl. I was so excited. The week of the wedding my mother had to go to the hospital. The Hayden family took me in and it was salon day. Back then the girls saved small orange cans and used them as hair rollers. I thought these girls were so awesome and now I was too, 😊 with big rollers in my hair. They were such a blessing to our family. When it was Easter Sunday and we returned home from church the Marie (bunny) would leave a small box of eggs and candy on our front porch. At Halloween Marie and the girls would make popcorn balls which I always looked forward to getting. No one else in the neighborhood around made popcorn balls. Everything she did and shared was made with love and joy. I will always love your family and hold dear all the memories we shared as growing up. I'm so sorry for your loss. Your family has had many heartaches. Hold onto those good times the good memories. As you reminisce and share with others, remember your loved ones are also. Sending love and prayers during this time. Hold onto the memories and the traditions your mother taught you. She was such a wonderful mother and friend.
