“ *Anonymous I will miss you every single day, your laugh, the happiness you brought to so many people, you were there for me when no one else was and stuck by me through more than anyone will ever know. You were there for all of your family and friends in anyway you could be. I could go on forever about how much you cared about others and put others first because that was just you. I just hope you knew how much you were loved and cared about by everyone who knew you. You were taken way too soon everyone who knew you has suffered a huge loss with you gone. My prayers go out to all of his family and friends. You will be greatly missed RIP. I will miss you!*
