“ *For some reason I messaged you Monday not having any idea of you passing . I have always had such a strong connection with you and loved you . You told me the last time we talked that our friendship was so deep that we didn't have to see each other often to know that . I pray with everything in me that you are happy and pain free and know how much you were loved here on earth . You were an angel and helped so many and I have no doubt God is rewarding you now . Until I see you again Vicki fly high my friend .*
